

James Garwood 123 Web Developer Street Techville, Webland Email: jimmy.g@email.com Phone: (123) 456-7890 LinkedIn: www.linkedin.com/in/jamesg

Objective: Experienced web developer with a passion for creating innovative web solutions. Seeking new opportunities to apply my skills and contribute to exciting projects.

Skills:

- Front-end development (HTML, CSS, JavaScript)
- Back-end development (Node.js, Python, Ruby)
- Web frameworks (React, Angular, Express)
- Database management (SQL, MongoDB)
- Responsive web design
- Version control (Git)
- UX/UI design principles
- Problem-solving and debugging

Professional Experience:

Web Developer | WebWizards Inc. | 2018 - Present

- Developed and maintained responsive websites and web applications for a diverse client portfolio.
- Collaborated with designers to implement pixel-perfect, user-friendly interfaces.
- Led a team of developers on high-impact projects, ensuring timely delivery and client satisfaction.
- Optimized website performance and implemented SEO best practices to improve search rankings.
- Conducted code reviews and provided mentorship to junior developers.

Achievements:

- Spearheaded the development of a cutting-edge e-commerce platform that increased client revenue by 30%.
- Designed and implemented a real-time chat feature for a social networking site, improving user engagement by 40%.
- Created a unique web-based game that gained over 100,000 users within the first month of release.
- Designed and developed an AI named "Ultron", it attempted to destroy the world, but me and my buddies the avengers put a stop to it.

Education:**Bachelor of Science in Computer Science | WebTech University | 2014 - 2018**

- Relevant coursework in web development, algorithms, and database management.
- Active member of the Web Development Club, participating in hackathons and coding competitions.

Certifications:

- Certified Web Developer (WebDevCert)
- Front-End Web Developer Certification (FrontEndCert)

Projects:

- Personal Portfolio Website: Designed and developed my portfolio website to showcase my skills and projects.
- Blogging Platform: Created a fully functional blogging platform with user authentication and content management.
- E-commerce Store: Developed an e-commerce website for a local business, enabling online sales and inventory management.
